Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.

If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid; the subscribers are responsible for all the numbers sent.

If subscribers neglect or refuse to take their papers from the office to which they are directed, they are held responsible till they have settled the bills, and ordered their papers discontinued.

The courts have decided that a refusal to take a newspaper or periodical from the Post Office without paying the publisher, and the payment of all arrearages, is prima facie evidence of fraud.

Subscribers to newspapers or periodicals remain liable to pay so long as the paper or periodical may be sent to the residence of the party after time of subscription, unless notice is sent of such removal to the publication office.

Greatest Improvement of the Age.
The Good Samaritan!
VENTILATED OVEN.
COOKING STOVE!

We are sole AGENTS for BANGOR and vicinity for the celebrated Cooking Stove,

GOOD SAMARITAN.

THIS STOVE was patented by Messrs. Rathbone & Co., of Albany, July 19, 1859, and although but little more than a year has expired since it was first operated, its many wonderful feats in cooking have already placed it far in advance of any other Stove which has as yet been offered to a discriminating public. We claim for the Good Samaritan, that its economy of fuel, its simplicity of arrangement and real practical utility of the conveniences which surround it, have placed it far in advance of any stove yet offered to the world. We will name a few of the advantages which it possesses over any other stove, as well as some of the conveniences which attend it.

1. It has greater weight of castings, the bare stove weighing from 400 to 450 pounds.

2. Greater capacity for baking. It has a very large Oven, and also conveniences for baking on the top of the stove. It has also a large front roaster for baking bread, pies, &c. or roasting meat, and this without danger of contaminating with the same taste, the finest delicacies being baked in the oven of the stove, an advantage which no other stove using the roaster possesses.

3. Its perfect control of heat. The Good Samaritan has a treble draught arrangement, which enables the operator to use as little or great a fire as he chooses. The advantage which this arrangement gives over any other economist of fuel is, that while a fire may be started in the cold stove in from one-third to one-half less time, the operator can, after his fire is once started, lessen the draught as much as he pleases, even to closing it entirely—thus giving him perfect control of the heat.

4. It has a soap stone fire back, which will never burn out, and consequently will not need replacing. Soap-stone is used very extensively as a lining to coal stoves, as it is well established that nothing else will stand the effect of intense heat for so great a length of time.

5. Its accommodations for broiling are perfect and unequalled. It has a splendid arrangement for broiling on the hearth, giving a perfect draught, through, under and around the gridiron into the flues of the stove, keeping the coals alive and carrying off all smoke and gases arising from the food.—It will also broil very nicely upon the top without the smoke entering the room. This is accomplished by closing the draught, and can only be effected by a perfectly air-tight stove.

6. Its arrangement for the ventilation of the oven cannot be excelled. It is effected by holes in the front door of the stove, through which the fresh air passes, striking against the front plate of the fire chamber, (thus becoming heated before entering the oven,) then through the ventilating damper into the oven of the stove, where it forces all gases arising from the food, which will naturally rise to the top over the front oven plate behind the fire-back into the fire-chamber, where they are consumed, (thus adding fuel for combustion,) and also to the perfect draught of the stove.

7. The Good Samaritan has, in a single year, proved itself to be the most economical, as well as the most efficient stove in the world. The great advantage it possesses of being able to do a greater variety of cooking at once with greater rapidity of operation, is not to be lightly passed over. None who have ever examined it closely can doubt for an instant, but that, with ordinary usage, it must last from 15 to 25 years. They can base this belief on its great weight, and the small quantity of fuel necessary to operate it—for the less fuel consumed the longer a stove will wear.

8. That it possesses all the attributes and qualities of a first class stove in the height of perfection, is no longer an experiment, but an established fact. That it has no equal, we are fully prepared to demonstrate to all impartial persons, and solicit all, whether wishing to purchase or not, to call and see the stove and be convinced of the truth of these statements.

We desire every house-keeper in Penobscot County to call, and we think they will be fully repaid by examining the merits of this wonder of the age.

Description pamphlets, and all information will be cheerfully furnished by us, at our store,

THE
ONLY PREPARATION
THAT HAS
Stood the Test of Years,
And grows more and more popular every day!

AND testimonials, new, and almost without number, might be given from ladies and gentlemen, in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

BATTLE CREEK, Mich., Dec 21, 1858.

Prof. Wood:—Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative, about the first of August last. I have faithfully followed the directions, and the bald spot is now covered with hair thick and black, though short. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless.

Thy friend, SUSANNAH KIRBY.

LIGONIER, Noble Co., Indiana, Feb. 6, 1859.

Prof. O. J. Wood—Dear Sir: In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair from a cause unknown to me, commenced falling off very rapidly, so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.

Very respectfully yours, A. M. LATTA,
Attorney and Counsellor at Law.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small. The small holds 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for three dollars per bottle.

Diarrhea and Dysentery,
A CURE WARRANTED FOR 50 CENTS.
The purchase money refunded to all persons dissatisfied with its results.
Clem's Summer Cure,

A SIMPLE, sweet syrup, compounded of roots and barks, containing no drugs or deleterious substances; mild and safe in its operation, agreeable to the taste, and does not like other diarrhea preparations, constipate the bowels, thereby endangering the system, necessitating the immediate use of cathartics; but gives immediate relief, invigorates and strengthens the patient, and leaves the Bowels in a healthy, natural condition.

One bottle of the Summer Cure is sufficient to cure any ordinary case, two or three potions being generally sufficient to cure the most violent attack; and four to six bottles are *warranted* to cure any one case of *confirmed Chronic California Diarrhea.*

☞The Summer Cure is adapted to all ages, sexes and conditions; none can be injured by its proper use. For children and infants, and particularly for children teething, it has *no equal*. The Summer Cure has been used in a great variety of cases for three years, with astonishing results; *never having failed to effect a cure*. To northern troops going South, and to mothers with large families of children, the Summer Cure is truly invaluable.

☞All agents selling this medicine, may at their discretion refund the purchase money to persons dissatisfied with its results. The Colonel of any regiment of New England troops will be furnished *gratis* with one bottle each for every commissioned officer in his command, by applying to the proprietors or to any one of their *general Agents*. PRICE 50 cents a bottle.

MR. W. A. BELL.

Dear Sir:—I have used HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, and am satisfied, from an experience in all other preparations for the like purpose, that *it is the only article ever before the public worth purchasing*.

Yours truly, JOHN G. DALY.

PADUCAH, KY., July 27, 1860.

MESSRS. W. E. HAGAN & CO., Troy, N. Y.

Gents:—Above please find statement of Mr. John G. Daly, a merchant of our city, in regard to HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. This testimony is given after having used most of the preparations now before the public *claiming* to be Hair Restorative, and *must be considered conclusive* as to the merits of the *Inimitable*. Am out of the large size. Forward by Railroad double the quantity we had before.

Very truly yours. W. A. BELL.

IT WILL RESTORE THE NATURAL COLOR OF THE HAIR,
where age or sickness has turned it grey, and it will render it soft and glossy.

"ANYBODY"

who may try it, will find that it does not color the skin, but by stimulating the natural secretion at the roots, gives new life and strength to the Hair, and thus restores its color and freshness. It can be used as freely as water upon the scalp, and with as much safety—is composed of oil and stimulating spirits, and as an article for the toilet, has no equal.

MESSRS. W. E. HAGAN & Co.,

I hereby certify that my Hair having become *gray* and my head partially *bald*, I bought from Henry Reynolds, Druggist, one four bit bottle of HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. By its use my Hair was restored to its original color and thickness; it removed all dandruff, arrested its falling and gave it a rich, glossy appearance. Its effects were entirely different from any Hair Preparation I ever used before. I know of several ladies and gentlemen, my intimate friends, who all speak of the "Inimitable" as being the best and cheapest Hair Preparation in our market. I can fully recommend it, and will refer any one to Henry Reynolds, Druggist, for the truth of my statements. WILLIAM BOSBYSHALL.

Messrs. W. E. HAGAN & Co., Troy, N. Y.—Gents. The happy results attending the use of *Heimstreet's* INIMITABLE (in every sense of the word,) *Hair Restorative*, seems to demand that I should give my testimony that other ladies might profit by it. I have never used a hair preparation that I liked so well. It has *completely restored* every hair that was grey to the color it was in girlhood, and has brought it out thick and healthy. I was induced to use the article by Mr. Reynolds, your Agent here. If this letter will be of service, you may publish it.

GENTLEMEN:

Having noticed for years the fortunes of Tailors doing a credit business, and having myself proved that system to be utterly wrong for the Retail Tailoring business, I feel compelled to adopt the CASH SYSTEM. It is better for the customer who expects to *pay* for his garments, as the amount lost by bad debts, under the credit system, is divided between the patrons and the patronized, as the former receive it by paying as much as 20 per cent. less for their garments, and the latter is saved from bankruptcy. Consequently I would invite all *Cash* paying customers to examine the Stock of Goods now on hand, and see if the prices are not 20 per cent. less than at any other Clothing House in the city. TESTIMONIALS.

DR. J. K. LINCOLN.—Though we have not the pleasure of a personal acquaintance with the gentleman, yet we have reason to believe that he is a most skillful practitioner of the dental art. At least, he has made one old face in our house look young again, and has fitted, by art, a pair of jaws to masticate the food again which dame nature "hadn't to deprive of this privilege a little too soon." We think the work and composition of the two full sets of teeth he has inserted cannot be excelled any where. We regard his presence in our city as an acquisition—not only as an accomplished dentist, but as a gentleman of good public talents and of an excellent private character.

Rev. W. A. DREW, in the *Rural Intelligencer*.

Dear Sir:—While Dr. Lincoln resided here I had frequent occasion, for myself and family, for his professional services. He gave entire satisfaction. I can cheerfully recommend him to those needing his aid. Very truly yours,

Augusta, Oct 6, 18[illegible]. LOT M. MORRILL.

THE UPRISING OF A GREAT PEOPLE. The United States in 1861 From the French of Count Agenor de Gasparin By Mary L Booth—Fourth Edition 1861 Charles Scribner, Publisher, New York

For sale in Bangor by Bugbee & Co

This work by a distinguished French writer has been extensively noticed and copied from by the American press and is undoubtedly the most intelligent view of American affairs as connected with the slavery question and the great rebellion, which has appeared from a foreign source. Its effect upon the European mind must be highly favorable to the cause of the Union, and it will be read with the utmost interest by our people. The work constitutes a volume of 262 pages handsomely printed and well bound. The subjects discussed are as follows

American Slavery, Where the Nation was drifting before the Election of Mr Lincoln, What the Election of Mr Lincoln Signifies; What we are to think of the United States, The Churches and Slavery, The Gospel and Slavery, The Present Crisis, Probable Consequences of the Crisis; Consistence of the two Races after Emancipation; The Present Crisis will regenerate the Institutions of the United States, Conclusion.

The Threatened Retribution upon the South.

The following article in relation to the probable effect of the rebellion upon the interests of cotton producers, is from the *Boston Courier* It puts in a strong light the danger to which the Southern leaders have recklessly subjected the vital interest of their section. It shows upon what a sandy foundation the throne of King Cotton really stands, and how severe and just is the retribution which hangs over the instigators of the great rebellion. The leading idea in the minds of the Southern leaders in their long meditated assault upon the Union, has been the establishment of a great Southern Republic or oligarchy, which by a monopoly of the cotton production of the world should be able to make its own terms with the manufacturing nations, secure all the immense profit of the supply, and grow in wealth and grandeur beyond all former example. But the natural effect of their assault upon the Union has been, (as predicted by more practical reasoners) to alarm the cotton spinners of England and France, in view of the uncertainty which must exist of getting regular supplies from a country liable to internal wars and revolutions, and they have accordingly determined to secure their supplies elsewhere—The very bottom of the Southern Confederacy would be knocked out by the consummation of this scheme Absolute ruin to the planters would result from the withdrawal of even one half the cotton demand of England, as it would leave a large proportion of the crop upon their hands and reduce the price of the remainder below the paying point And with cotton-planting made an unprofitable business, *slavery would receive a fatal blow* Thus we perceive a righteous retribution is threatened upon the instigators of this wicked rebellion We call attention to the Courier's article

The Cotton crop grown in 1860 was a "short crop"—say 3 700 000 bales, against 4,600,000 in 1859 Under the active trade of the world a supply of at least 4 000,000 was raised Because of the deficiency, it is evident prices must have advanced at the close of this season largely, had peace and prosperity continued—probably to an average of 10 cents per lb Of course, then, the succeeding crop that of 1861, would have come on the markets at full prices—say 14 cents to the planter This crop is now estimated at 4,000,000 bales grown Without the discouragements of war, in so favorable a season it would have been 6 000,000 bales, which, at only 12½ cents per lb, would have produced 300,000,000 dollars It is safe to say the crop of 1862 would have been of equal market value, because, if less in quantity, it would have been higher in price. Perhaps this would have so increased the surplus stocks as to cause lower prices for the crop of 1863—say 8 cents to the planter But the gradual increase would have carried that crop up to 5 500,000 bales, worth at 8 cents, 212,000,000 dollars—making an aggregate for the three year's crops of over 800 000 000 dollars to the Southern Cotton planters, to their section, to the whole country

War exists, how will it change this? The crop of 1861 is blockaded The probability is that it will remain closely shut up through all of 1862, unless the Cotton States shall sooner return to their allegiance By the end of 1862 the cotton panic of England will have passed never to return Already it appears that her import from India will this year rise to 1,200,000 bales, from less than 600,000 bales in 1860 It is demonstrable that this increase of supply from India will not only meet the reduced consumption of this year, but with the stocks to be carried over in the ports of Europe, and held by the trade, aided by the usual imports from other quarters, will amply suffice to run all the spindles of Europe through 1862 on three-fourths time or more

It was remarked in a late number of a very able Southern journal (the Augusta, Ga, Chronicle & Sentinel) that if the spinners of England could survive the deprivation of American cotton for eighteen months (from July, 1861) *they would ever afterward be independent* The remark was correct This war is achieving an independence little dreamed of in the Cotton States when their leaders began their lie—British manufacturers independent of the American States for cotton—a result, as we have demonstrated (vide Courier, March 12, 1861,) unattainable except by the suicidal action of the people of the Cotton States, but now inevitable if the war continue six months Already do the intelligent and sagacious merchants and spinners of England discern that the loss of the South is their great gain, and the political economical writers of the English press catch with delight at those glimpses of their brilliant future—seeing that 'out of the nettle danger' to their great industry, they 'will pluck the flower safety, durable and certain They begin to see, as was clear to us months ago, that England has indeed a great interest in this war, not, as our Southern citizens have supposed, in their success—but in their tardy but sure *defeat* We of the North must suffer with awe for the South, only less than itself, while Europe after a temporary loss of markets, will have gained an advantage for which England alone could have well afforded to pay the cost of the war for two years or more It is for her interest that cotton should bear a price high enough to stimulate its extraordinary production in all old sources, and induce its culture at as many new points as possible The eighteen months spoken of in the Georgia paper will nearly suffice to open up the new channels of supply—This being done, the commercial crop of cotton outside of our States raised from 1,000,000 bales to 3,000,000, the English can then chuckle over 'the death blow to slavery' and the thenceforward low price of American cotton

Then, perhaps, the crop of 1861 will go to market say 2 000 000 bales at 5 cents per pound, or $48,000,000 The crop of 1862 (war and blockade continuing) could hardly reach as much more in quantity or in price, and it is assuming the best condition as the issue from a two years strife, to suppose that circumstances would permit the growth and export of Cotton to the value of $100,000,000 in 1863, an aggregate for the three years of about $200,000,000 to the planters, to their section, to the whole country, as set against the $800,000,000 that were morally sure, had the country remained at peace.

As of Cotton, so in less degree, but similar in kind, the fate of other Southern staples, sugar, rice, tobacco, naval stores, &c

These are items in the great reckoning to which those who caused the war will be invited

NARROW ESCAPE OF FORT HATTERAS AND GARRISON. After the capture of Fort Hatteras, one of the shells was found to have pierced the rebel's powder magazine, without bursting On examination, it appeared that the gunner, whose duty it was, had forgotten to tear off a small leathern cap, ordinarily put on for safety This was the only shell thrown that did not explode. Had the cap been removed, the fortification would have been blown up and not a handful of prisoners left alive to be captured as prisoners of war

The first Treasury note issued will be to the patriotic Massachusetts shoemaker whose letter, accompanying a remittance of $100 which he tendered to the government for ten years without interest, has been published. The name of the man who set so patriotic an example is E P Wallace, and he is a resident of Amesbury Mills.

Special despatch to the Boston Journal

WASHINGTON, 14th

The rebels retired last night, after burning six farm houses

Capt. Dutton of the Massachusetts Ninth was in command of the pickets.

The enemy advanced rapidly and opened upon his squad of fifty men with six cannon

The pickets returned the fire with spirit, fell back slowly and took position by a fence, and waited for the enemy to approach

They fired three regular volleys then fell back upon the reserve, and held the position

They behaved with great gallantry Captain Dutton's conduct was much praised

Captain Dutton had a button shot from his coat.

John Cosgrove, Co. C, was badly wounded, and to others slightly

It is supposed that Lieut Kittredge, Co D, Second Maine, Otis Whitcomb, Co H, and James Rice, were taken prisoners

Captain Dutton says the enemy must have lost thirty

WALDOBORO'—This old Dutchborough is the banner town of the rebels. Mr Dana had 327 Washburn 162, and Jameson 95 Isaac Reed is King and Kennedy is Counsellor Those old Dutchmen never had any idea of progress They use wooden ploughs—build their ovens on the outside of their house—vegetate on sour krout, and go with their families to church in an ox cart—never heard of Railroads, Steamboats and Lightning Telegraphs, and all such nonsence and modern inventions. Their ancestors emigrated to this country so long ago that the memory of man runneth not to the contrary—probably before the flood, and their descendants, instead of progressing towards a nobler civilization, under such yankee leaders as Reed and Kennedy have been retrograding towards old Adam Waldoboro' would be a good location for Bro Adams and the Eastern Argus The political atmosphere would be as congenial as that of the Palmetto State —*Portland Courier*

A CUTE IDEA FOR A CONTRABAND One of the Pike county boys over at Louisiana found an old darkey in the woods, who had heard that secession property was to be confiscated, and therefore commenced by executing the order upon himself He surrendered to the invader, and gave a history of himself, concluding by saying 'Gorry' massa I'll brack your boots, brush your close bring your water—do anything you want me, if you'll only confisticate de ole oman' We did not hear whether Pike county acted upon the suggestion or not —*Illinois State Journal*

A VERY QUEER GAME Jake Leeper is a case he is a small, wiry subject, who has worn out his teeth and his cheeks with tobacco, and fought many a battle with bad whisky, and always got whipped

Jake has a brother in law, who has some fame as a lawyer and he is the oracle of Java.

Last November Jake took a load of wheat and two or three mess hogs to Camanche, with the intent of getting his winter supplies

He sold his wheat for forty five cents a bushel, and his pork for three dollars per hundred—When he was ready to go home, he went to the grocery store, and got rich very fast Ed Booker encountered Jake and invited him into a small groggery, to see a new game of 'kerds

Jake got home late, and he went to consult his brother-in law

'William,' says Jake, 'I have had a grand time at Camanche, you see, after I had sold my wheat and pork and taken a horn of whiskey, William, I met that Ed Booker, and he asked me down to Mullett's to see a new game of kerds And when I went into Mullett's, there he was a playing 'kerds' with two decks—one deck he had spread out on the table, and the other he was dealing out of a little box And I see a fellow put a quarter on one of the 'kerds' on the table and presently he won a quarter I looked on a while and the fellow soon had lots of quarters Says I, Jake Leeper, now's your time to make your fortune So I pulls out a quarter, and put it down, and won, and then put down another, and I won, and won, till I had four dollars all in quarters Says I, Jake Leeper, this is better than raising wheat at thirty five cents a bushel So I concluded I would just double my bet and go in and win, and then I pulled out and put down a half a dollar, and I won and so kept a winning half dollars and soon had eight dollars, William, in half dollars Says I Jake Leeper, this is better than raising pork at three dollars a hundred So I gave a boy half a dollar, and told him to take my horses to the tavern and feed them and curry them, so I called for some more whiskey, and took off my coat, and went in upon my luck, and I doubled my bet, William and lost it—And then I doubled my bet, and I lost that, and pretty soon before my horses were done eating I lost all I had won and all the money I got for my wheat and pork, William Now, that is a very curious game, William, do you know the name of it?'

'No,' says William

'Well,' says Jake, 'is there not some ancient history or book, or story, or perhaps the Scriptures, William, where there is an account of some great king, who pursued his enemies, and when he got to some creek or river, or some great water course, the waters divided, and he and his whole army were drowned, William?'

'Oh,' says William, 'you mean the Bible, which tells about the children of Israel being pursued by Pharaoh, King of Egypt'

'That's it, that's the name of the game—faro, William, faro—and my load of wheat and pork went down like king faro It's a curious game, William'

THE HORTICULTURAL EXHIBITION at the City Hall, which commences tomorrow (Wednesday) at 2 p. m, will be well worthy the attention of all our citizens, and we hope there will be a general turn out on the occasion Efforts have been made, and we believe successfully, to make it the best exhibition of the kind which has ever been witnessed in this city or in the State

Articles for exhibition must be sent in before 12 o clock tomorrow

The Exhibition will close on the evening of Thursday with a splendid fruit supper, when the niceties of the season will be brought on

RECRUITING IN MAINE In regard to the enlisting of men in our State for the U S service, it may be well to remark that the General Government has assumed the business of filling up the old regiments and will direct when it shall be done, through the officers of those regiments themselves So that the State Government is now directing its energies entirely to the raising of new regiments, and we are gratified to know that men are offering in large numbers, and that recruiting is easier at the present time than at any period since the commencement of the war

How the Uninitiated Feel Under Fire

A newspaper writer at the Bull Run fight speaks of his feelings and impressions in the battle

It is always fashionable to give first impressions Shall I give mine? I shall assume an affirmative, without affording time for a rebuff First, were dispelled the life-long illusions, that battles were the orderly moves of chess. Campaigns may be likened, as I have them, to the manipulations of that game, but battles are made up of series of experiments, more or less protracted, according to the ingenuity of the commander and the expertness of his officers and men The results of a faro bank can be calculated with as much accuracy as the result of a battle field It is the veriest chance—the victory as in all games, of course inclining to those who are most cool, and therefore the most likely to perceive advantages.

Second, I have overrated the dangers of battles Here for five hours we have exchanged cannon balls, and Minnie bullets, and bayonet thrusts, and sabre strokes, and literally there is 'nobody hurt'—the loss in killed and wounded on our side being about one in two hundred of those engaged These are my impressions—are they not the counterpart of all first experiences on the battle field? A friend asks me the feelings of a non combatant under fire. Were you ever caught in the open fields when a heavy thunder storm was raging? If you have, and had no special fear, you have, nevertheless, entertained an opinion that possibly lightning might strike where you were standing

For three quarters of an hour that I was under fire—and was almost a continuous thunder of six pounders—I could realize no special danger, but only an ill defined thought that possibly some of these flying missiles might come where I stood in the way. On comparing views with others situated, like myself, encountering the same opportunities, and with similar purposes, I find they had the same sensation, so that I may fairly assume that the mass of men under fire have little, or no thought, for personal consequences, and that cowardice is not a normal characteristic of the human race.

☞ DR. A. S. WOLFF, Surgeon, Aurist and Oculist, will remain in the city no longer than the present week Persons wishing to consult him should call immediately at No 7 Main Street. He will return to our city in November after completing other engagements

A Union Camp in Tennessee—The Two Proposed Expeditions—Spirited Skirmish—Seizure of a British Vessel.

LOUISVILLE, Sept. 14.

The Chattanooga, Tenn., Gazette of the 11th, says a Union camp was formed about ten miles [illegible] of Chattanooga, and a huge flag had been raised with a sword suspended over it. About [illegible] men are encamped and drill regularly.

RICHMOND, 12th.

News has been received here that a vessel under British register had arrived at New Orleans with an assorted cargo consisting in part of [illegible] muskets and 125 rifles.

NEW YORK, 16th.

The Vermont Sharpshooters arrived here yesterday, taking quarters at Weehawken.

The Tribune's Washington dispatch gives a letter from Lieut. Cummings, of the ship Richmond, [illegible] a conversation with Captain [illegible] of the British Navy while at Port Royal. [illegible] after asking Lieut. Cummings if he [illegible] looking for a privateer's stand, said [illegible] were ordered to observe strict neutrality, [illegible] the Sumter should arrive she would receive the same attention as that given him. He [illegible] exhibited to Lieut Cummings an extract [illegible] from the Lords of Admiralty, which [illegible] in the event of any vessel bearing the flag [illegible] Confederate States, you are to observe [illegible] neutrality. The flag is described in the [illegible] and the following added, 'The number [illegible] will be increased in case new States [illegible] in the Confederation.'

[illegible] states that preparations [illegible] important movements against the [illegible] coast are rapidly going forward, in [illegible] the land forces will be under Gen. [illegible] and the other under Gen. Sherman. The [illegible] of troops will be about 25,000, with a [illegible] of proportionate strength. The [illegible] to be assailed are unknown.

FORTRESS MONROE, 15th.

A party of 14 contrabands escaped from near [illegible] Point in a canoe and have arrived here. [illegible] present provisions in Princess Anne Co. [illegible] that there are some 500 rebel troops [illegible] Point, and that the force there is [illegible] changing.

[illegible] states that the rebel steamer Yorktown is actually iron plated, so as to protect her [illegible] machinery.

Miss Dix spent the day at Old Point and proceeded to Washington. She is highly pleased with the condition of affairs at the hospital.

WASHINGTON, 16th.

The following order was issued today from the Adjutant General's office—

1st: All persons having received authority from the War Department to raise volunteer regiments, batteries or companies in the loyal States, are, with their commands, hereby placed under the orders of the Governors of those States to whom they will immediately report the present condition of their respective organizations. These troops will be organized or reorganized and prepared for service by the Governors of the respective States, in manner they may judge most advantageous to the interests of the General Government.

2d Volunteer officers who have complied or may hereafter comply with the conditions of their respective acceptances from the War Department, and who have not received their commissions from the President of the United States will be commissioned by the Governors of the respective States, by furnishing the regiments, batteries or companies these officers are attached.

3d: Governors of the several States may at any time during the organization of a volunteer regiments, authorize the Adjutant General, Quartermaster, and when absolutely necessary, when absolutely necessary, the medical officers thereof to be mustered into service to aid in recruiting the regiment, and for the prompt transaction of all other public business. All the officers will be mustered into service as directed in general order No. 61, current series from this office.

The President has appointed Major Ord, of the 3d Artillery, Capt. Horatio G. Knight of the U. S. Engineers, and W. Wilson of Kentucky, Brigadier Generals of Volunteers.

F. W. Walker was brought here this afternoon, his condition apparently improved.

There was a stampede of negroes, fourteen in number, men, women and children, in the neighborhood of Lewensville today. They came to our lines, saying they were to have been sent to Manassas this morning. Gen Smith sent them to Washington. They belonged to the estate of the late Commodore Jones. They stated that they left at their homes only a daughter of the Commodore, her mother having departed some time ago for Manassas Junction.

The colors of the New York 79th Regt. were returned to them today with befitting ceremonies. They were taken away at the time of their insubordination or mutiny, by order of General McClellan.

All was quiet today with the exception of the usual occasional picket firing.

BALTIMORE, 15th.

Three hundred muskets were found today, buried in the rear of the old theatre. They are supposed to have been concealed by the Kane Police after the 19th of April. They are all new weapons.

CHICAGO, 16th.

Leavenworth papers of the 11th give the following account of the late engagement between Gen. Rains and Montgomery on the 2d instant: 600 rebels under Rains, approached Fort Scott and seized 80 mules belonging to the gov't, and killing the teamster. A messenger was dispached to Montgomery, who had 500 men. He pursued Rains 11 miles, killing several of his men, when coming on the main body of the enemy, the battle commenced. The enemy had artillery, and Montgomery one howitzer. The fight lasted two hours, when Montgomery slowly retreated, keeping up a running fight until nightfall. The force of the enemy is reported by prisoners at from 2000 to 3000.

Twenty five negroes have been declared free under Gen. Fremont's proclamation.

BALTIMORE, 16th.

The police are arresting members of Legislature as fast as they reach the city on their way to Frederick, so that there will be no quorum tomorrow, nearly three quarters of both Houses being secesh; and it is presumed they will be all arrested. The arrests this evening are Denis and Heckart of the Senate, and Maxwell, Landing and Raisin of the House. There are now 15 of the House and 3 of the Senate arrested. Many of them cannot be found, and are said to have fled the State.

The Grand Lodge of Odd Fellows of the United States met to day, D. G Sierre Milton Hundon of Indiana presiding. A quorum was in attendance. The seceded States were unrepresented.

PHILADELPHIA, 16th.

The schr. Mary Ward, from the West Indies, and seized in North Carolina, arrived today in charge of prizemaster Nicholson. She was captured at Hatteras, and her cargo consisted of salt, sugar and molasses.

The coroner's inquest on the victims of the late accident at Wheatley's Continental Theatre, six in number, have rendered a verdict exonerating Mr. Wheatley from all blame, he having used every precaution to prevent accident. The disaster has excited extensive sympathy, and all the theatres have tendered benefits for the families of the deceased.

Tomorrow will be celebrated here as the anniversary of the adoption of the Federal Constitution, by a parade of the Home Guards and an oration by Hon. George M. Dallas, in Independence Square. There will be a general suspension of business.

CINCINNATI, 16th.

A special despatch to the Gazette, dated Cannix Ferry, 14th, says that Lee resumed the attack along our whole line at Cheat Mountain, yesterday. After a long contest Reynolds finally repulsed him, with considerable rebel loss, and little or no loss on our side, owing to the fact that our troops fought behind entrenchments.

Lee has manifestly a large force, but is alarmed lest Rosecrans should come up in his rear.

Our scouts returned today from a 10 miles exploration towards Lenisburg.

McCook took 17 prisoners yesterday, in an armed reconnoissance across the river.

CAMP SCOTT, 16th.

Gen. Cox is here today for an interview with Rosecrans. He has moved the main body of his army from Gauley Bridge towards Lenisburg.

Wise and Floyd are retreating as fast as possible.

DAVISTOWN, Md., 14th.

A quantity of cavalry arms and equipments, recently seized by some soldiers at the house of Capt. John L. Dirfief, under a misapprehension that they were to be used to aid the rebel cause, have been ordered by Gen. Banks to be restored, it appearing from good Union authorities that Dirfief has always been an unflinching unionist, and that they were issued by Gov. Hicks to sustain the Union cause in this county. Capt. Dirfief will return them to Gov. Hicks upon their delivery.

There has apparently been increased activity in all the departments of the division during the week.

There have been numerous floating rumors that Gen. Johnston has been greatly strenthened along the river line.

On one occasion a regiment of rebels came in full view of our pickets at or near the mouth of Seneca River, but moved off before our batteries could be brought to bear upon them.

Col. Biddle of the 1st Pennsylvania rifle regiment, has declined the commission of Brigadier General, recently tendered to him by the War Department; but he still commands the first brigade of Gen Banks' column. The cause of his declination he states to be that he stands pledged to his constituents in Philadelphia to represent their interests in Congress, and should he accept a commission from the United States, he would be compelled by the Constitution to resign his seat in that body. He is, however, determined to expend his best energies in the field towards bringing the rebellion to a speedy and triumphal close.

ST. LOUIS, 16th.

Among the killed by the Little Platte Bridge disaster, was Barclay Coppie of John Brown raid notoriety, together with 5 or 6 men with him, en route to join Montgomery's Kansas regiment.

On Monday night last while a government steamer, name unknown, was conveying a number of prisoners from Lexington to Fort Leavenworth for better security, she broke her rudder between the Mill and Kansas City, and was obliged to land. Shortly after reaching shore, a company of the Jackson county secessionists seized the boat, released the prisoners, and secured some 40 Federal soldiers as captives.

PHILADELPHIA, 16th.

About $75,000, mostly in small sums, were subscribed to the national loan at Cook & [illegible] today.

At the opening of the Polytechnic College, today, 60 students registered their names, including some from Virginia, Maryland and North Carolina. This is a larger number than in any previous year, so early in the season.

PITTSBURG, 16th.

The first day's subscription to the National Loan amounted to $145,900.

HARRISBURG, 16th.

The 46th Regiment of Pennsylvania Volunteers, Col Knife, left today, being the first of the last requisition on the Governor. Ten additional regiments will be forwarded before the close of the week.

BUFFALO, 16th.

The Buffalo regiment, Col. Bidwell, left this evening for New York.

FARTHER POINT, 15th.

Steamship Anglo Saxon, from Liverpool on the forenoon of the 5th, and Londonderry 6th, passed here at 6½ o'clock this afternoon.

Great Britain.

The London Times says the impression seems to be very general at Liverpool, that passengers to or from the United States require to be cautioned, at the present juncture, against any ready expression of opinion on the civil war, as it is alleged that persons in the service of the Washington government are on board all the steamers, both ways, and that they assume to be Federalists or Confederates, as occasion may require. Some of them are foreigners.

The policy of working on short time, as a prevention against contingencies of the cotton supply and of the glutted state of distant markets for manufactured goods, continued to make progress in Lancashire.

The Times, in an editorial on the present aspect of American affairs, argues that enough has transpired to show that the subjugation of the South is next to impossible; and that its submission is in the highest degree impossible, all the incidents of the war having been thus far favorable to the South. It says, the establishment of passports, the suppression of the habeas corpus, and other kindred measures, all of which are unavoidable, make travellers find themselves more at liberty in Venice than in New York.—The Times doubts much whether Americans, after the war is ended, will return to the old form of government. It thinks there must be two governments, and that they will be less democratic.

The British Association for the advancement of Science was in session at Manchester, under the presidency of Mr. Fairbain, the distinguished engineer.

France.

Political news unimportant.

M. Chevalier, the distinguished free trader, in the course of a speech at Montpelier, held up France as the champion of social and political progress, and he regretted that among those who evinced hatred and distrust of the Emperor were some members of the British Government, towards which the Emperor had made advances honorable to both parties, and which merited a more sympathetic response.

A Northern man just escaped from Georgia, where he has been in business for several years, informs the Rochester Advertiser that there is a reign of terror in Georgia—no Union man dare utter his sentiments, but he believes that fully one third would rejoice to see the Federal troops enter the State in triumph. The Union men at heart talk the loudest for secession in the street, and do it for safety and to avoid suspicion.—They give money, and even go into the rebel army, but they are nevertheless for the Union, and will show it when they can do so without an absolute certainty of death staring at them.—Salt is hard to get at five times its value—bacon 21 cents per pound, coffee 45 cents, common satinet $2 50 per yard, boots and shoes at fabulous prices, and difficult to be found at that. Trade is paralysed and distress the order of the day.—Letters from the rebel army all agree that the soldiers were suffering from privation and disease, and discontent was prevalent. One letter stated that 400 of a Georgia regiment were sick, chiefly from measles and typhoid fever. Many of the men were without shoes or adequate clothing, and of [illegible] they were dissatisfied. The indications were that the army could not be kept together on the return of winter, unless they could win a battle.

Capt. King, of the brig Northman, who saw the pirate Sumter at Surinam, says her crew were much disaffected; fifteen were in irons and men were seen every morning aloft tarring down the rigging as a punishment. Before going to Surinam, she attempted to enter Cayenne, but the Governor threatened to give her forty days quarantine, and so prevented it.

☞ The experiments with rifled cannon, at Poshaw, yesterday, were very successful, as we understood. Shot and shell were thrown three miles, and with a good degree of accuracy. The target, about six feet square, was struck several times, at a distance of 500 yards, or about one third of a mile.

GENERAL FREMONT EXPLAINS HIS PROCLAMATION to a Rebel Officer.

Lexington, Mo., Attacked by the REBELS.

Rebel Army en route for Paducah, Kentucky.

ELK WATER, Va., 16th.

The body of Col. John A. Washington sent over to the enemy yesterday, under a flag of truce, and while on its way was met by a similar flag coming from the enemy for the purpose of obtaining information as to his condition.

On the 12th inst. a detachment of 300 men from the 14th Indiana and the 24th and 25th Ohio regiments, dispersed three Tennessee regiments under Gen. Andrews, in the west side of Cheat Mountain, killing 8 and obtaining the most of their equipments. Our loss was eight killed.

The enemy made an advance on Elk Water the same day, with a force supported by 15,000, but were driven back by detachments from the 15th Indiana, 3d and 6th Ohio, and shells from Loomis's battery. They have retired some eight or ten miles.

A strong force of Arkansas and Tennessee troops also threatened the east side of Cheat Mountain, but have not yet given a general engagement.

A shell thrown two miles, from one of the guns of Loomis's battery, into the enemy's camp, killed ten and wounded four.

The 13th Indiana regiment had a severe skirmish with superior numbers of the enemy on the 12th, and killed 10 or 12, with only trifling loss.

As the enemy advanced on Elk Water, they were handsomely checked by a detachment of the 17th Indiana regiment.

Lieut. Morrill of the Topographical Engineers was taken prisoner by the rebels, while on his way to Cheat Mountain.

JEFFERSON CITY, Mo., 16th.

A special despatch to the St. Louis Republican says that Gen. Price at the head of 15,000 to 20,000 troops attacked Lexington on Thursday, but we have no particulars of the battle, nor do we know the result.

The troops at Lexington were strongly entrenched.

Gen. Pope, at last accounts, was at Hamilton with 6000 to 8000 troops.

ST. LOUIS, 16th.

Postmaster General Blair and Quartermaster General Meigs left for Washington this morning.

It is understood the precise charge on which Col. Blair is arrested, is insubordination in communicating, while a militia officer, with authorities at Washington, making complaints against and using disrespectful language towards Gen. Fremont, with a view of effecting his removal.—It is stated that letters written by Col. Blair are now in the possession of Gen. Fremont.

The following letter, which is to be published tomorrow, reveals the mission of Capt. Kidd, who arrived some days since with a flag of truce from the rebel camp:—

"Head Quarters Western Department, Sept. 14th—To Col. T. T. Taylor, commanding at Springfield—Sir,—Yours of the 8th inst., containing an erroneous construction of my proclamation of the 30th ult., has had my attention. I understand the object of your note to be to enquire whether it was my intention to shoot the wounded who might be made prisoners by forces under my command. The following paragraph, extracted from the proclamation, will be strictly enforced within the lines prescribed, against the class of offenders for whom it was intended, viz., all persons who shall be taken with arms in their hands within these lines, shall be tried by Court Martial, and, if found guilty, will be shot. The lines are expressly declared to be those of the army in the military occupation of this State. You have wholly misapprehended the meaning of the proclamation. Without undertaking to determine the condition of any man engaged in this rebellion, I desire it to be clearly understood that the proclamation is intended distinctly to recognize the usual rights of an open enemy in the field, and to be in all respects strictly conformable with the usages of war. It is hardly necessary for me to say that it was not prepared with any purpose to ignore the ordinary rights of humanity, with respect to wounded men or those who are humanely engaged in attending their suffering.

(Signed) J. C. FREMONT,
Major General Commanding."

ST. LOUIS, 16th.

Col. F. P. Blair was ordered yesterday by the Provost Marshal, to report himself under arrest, on a general charge of using disrespectful language when attending superior officers.

With reference to Gen. Fremont, the Democrat says: "The removal of Gen. Fremont, we do not think, has been seriously considered by the administration. Complaints have undoubtedly been made against him, and possibly charges preferred, which, of course, will be duly and properly investigated, but these proceedings, we are now satisfied, have never looked to a result so serious as his removal from this department. His extraordinary energy and efficiency are too highly appreciated by the government, and the man and his measures are too deeply sealed in affections of the people of the loyal States, to admit the possibility of any such event."

The Republican learns that Col Marshall, when at Lexington, a few days ago, took possession of a quantity of property belonging to the State, including books, papers, and the great seal of the State, which Jackson took from Jefferson City after the defeat of the State forces at Booneville by Lyon.

Jackson publicly announced his intention to establish the capital at Lexington, claiming that he had full authority to do so. It may be that the programme has not been relinquished, and that the present movement of Gen. Price, who is doubtless in possession of Lexington, is with a view to place the seat of government there.

Whether the deposed Legislature, which adjourned in May last to meet again today, will be ready to proceed to business, cannot now be ascertained.

CAIRO, 16th.

A deserter from the rebel camp at Columbus, Kentucky, reports that on Friday last the rebels, numbering 10,000, under Gen. Johnston, had marching orders. Their destination was Paducah.

He also reports that Jeff. Thompson's forces are at Belmont, Mo.

The crew of the steamer John Gault, which was seized by Government a few days ago, at Paducah, were released today.

A force of 800 infantry, with 4 pieces of Capt. Taylor's light artillery, under command of Col. Oglesly, made a reconnoissance below Norfolk, Mo., on Saturday, and saw 300 rebels, who fled on the approach of our troops.

The correspondent of the St. Louis Democrat, writing from Jefferson City, 14th, says: "You may prepare yourselves for stirring tidings during the present week. Gen. Price, reinforced by Gen. Rains with 15,000 or 20,000 men, and Claib. Jackson in their midst, to give a color of loyalty to their proceedings, is advancing upon our lines. Wherever he goes the secessionists flock to meet him, and are rapidly swelling his ranks."

In the affair of the steamer Sioux City, at Glasgow, a day or two since, 10 rebels were seen to tumble out of their saddles from the effects of shots fired from the troops on the steamer.

A courier just arrived from Greytown, announced that Gen. Parsons, with 4000 men, is posted just outside the town, to protect the passage of reinforcements to Lexington.

DR. LIGHTHILL,
Surgeon to the Medico-Surgical Institute for the Treatment of Deafness, Catarrh and Diseases of the Eye.
NO 34, ST. MARK'S PLACE, - - - - NEW YORK.
Will be at the BANGOR HOUSE, Bangor Maine, FOR ONE MONTH, from Sept 17, where he can be consulted by all those afflicted with
DEAFNESS, CATARRH,
—AND—
DISEASES OF THE EYE.
Noises in the Head,
Discharges from the Ear, Earache,
Catarrh in its various forms,
and all the various Diseases of the Eye Successfully Treated.
Operations for Cross Eyes,
Cataract, Artificial Pupils,
Fistula Lachrymalis, &c.,
performed to the entire satisfaction of the patient.
FOR the last ten years DRS. LIGHTHILL have paid exclusive attention to the treatment of Diseases of the Eye, Ear, and Throat. They have practiced in some of the largest cities in the Union, and in order to centralize their business and accommodate their patients, they have permanently located in New York, where one of the members of the firm, with his assistants, is constantly present to attend to their practice. For evidence of their success in the treatment of the diseases of the above mentioned Organs, the reader is referred to the annexed notices of the press, selected indiscriminately from a large number in their possession.
[From the New York Express]
SCIENCE SUCCESSFUL.—The successes to which science in the healing art is ingeniously and boldly pushed, are never more gratifying than when they result in giving perfect [illegible] and life to functions that previously had been, apparently, imperfect and incapable of healthful animation. It is pleasurable to record such triumphs. Dr Lighthill, of No 34 St. Mark's Place, has recently again attained such an end in a case of ocular treatment. He operated upon Mr Wm P. Gardner, a young gentleman residing at South Kingstown, R. I., who had been blind from birth. The operation was perfectly successful and the young man has ever since rejoiced in the sight which had been so long and so strangely obscured.
[From the Daily Spy, Worcester, Oct 1, 1860]
We are almost daily receiving fresh evidences of Dr Lighthill's skill as an oculist and Aurist, and now we have to record two more of his operations, testifying as plainly as possible to his professional ability. On Friday last, Dr L. operated upon Horace Warner, of West Boylston. Mr W had been deaf in his left ear for 20 years, and was in a comparatively short space of time restored to perfect hearing. On Saturday, Mr Cyrus Chase, of Wilkinsonville, aged 77 years, submitted to an operation, and was likewise restored. Mr C had been afflicted for 12 years, having suffered much from noises in his head, but now is quite recovered and almost beside himself with the success of the operation.
We are well aware what difficulties Dr. L. has had to contend against. People have been humbugged to an enormous extent by "cure alls," and begin to doubt even their own senses. Dr. L. has relied upon his own skill as a surgeon, by allowing his operations to speak for themselves. He has gained an enviable position, and now stands at the head of his profession.
[From the Springfield Republican, Sept. 7, 1860]
Dr. Lighthill operated yesterday successfully upon the ears of two aged gentlemen from Monson, in this county—Mr. Bartholomew Potter, 83 years of age, father of Mr. D. F. Potter, who has also been cured of deafness by Dr. Lighthill last week; this induced the old gentleman to try the doctor's skill. He has been afflicted for a period of 10 years. Both Messrs Potter, before consulting Dr Lighthill, believed the difficulty to be hereditary, and had but little faith that they could be relieved. Everybody can imagine that their disappointment was a happy one. The other subject, of an operation for deafness, is Mr. Arnold Thayer, of Monson. Mr Thayer has been greatly benefitted.
[From the Syracuse Courier, Nov. 21, 1860]
REMARKABLE CURE OF DEAFNESS.—Heman Phelps, an old resident of this city, was recently operated upon by Dr Lighthill, and is entirely cured of deafness. Mr Phelps is 83 years of age, and has been deaf for upwards of 20 years. He resides at No 66 Washington street, and relates to us with joyfulness the above fact; and, to use his own words, "feels just like a colt." Dr Lighthill is a German Physician and Surgeon, is highly educated, and brings remarkable testimonials of successful treatment of the eye and organ of hearing. For his successful operation on one of our most aged and respectable citizens, we feel it a great pleasure in passing him around.
(From the Hartford Daily Post, June 8, 1860)
Dr. Lighthill yesterday operated upon Miss Bridget Byrnes No. 57 Church street, for Strabismus, or Cross Eyes, making both eyes straight in less than five minutes, with scarcely any pain. Those who wish to satisfy themselves of the result of this operation can call on the lady and see the result for themselves. The doctor also made another operation for Fistula Lachrymalis, or ulceration of the tear canal, upon Mrs Lucy A. Havens of New London, which consisted in the insertion of a silver tube in the corner of the eye, communicating with the nostrils: thus relieving the canal and causing the discharge to flow regularly through the nose.—The doctor's patients are all doing well and seem much gratified at the prospect of being relieved.
To the Editor of the Utica Morning Herald
A profound sense of gratitude to a real benefactor, and the simple desire to benefit the similarly afflicted, impels me to state the following:—Upwards of six years I have suffered more or less inconvenience and pain from a diseased ear, the tympanum of which was ulcerated, and discharged somewhat freely at times. Home remedies, patent medicines, blisterings and the like were faithfully tried, but all entirely useless. Three years ago I went to the Massachusetts Eye and Ear Infirmary, and afterwards took a six months' course of treatment from Dr. Rumsdell, of Boston, but still with no apparent beneficial result. Having spent much, and being nothing bettered, I had almost concluded to let it take its course, but noticing Dr Lighthill's advertisement in the Herald, was induced to make one more effort, if happily it might be the successful one, and I rejoice to say, sir, it was the successful one. I applied to Dr Lighthill, took one course of medicine, and in one month the ear was healed, the discharge stopped, and for ought I know or feel to the contrary, the ear is radically cured. This testimony is entirely unsought by and unknown to the doctor, the simple object being to render "Honor to whom honor is due" and "Pro bono publico."
Yours, REV JOHN PILKINTON, Litchfield, N. Y.

CURE OF CATARRH.—For 11 years I was afflicted with the worst form of Catarrh. I could not lay on my back at night on account of excessive discharge down my throat, which almost at times nearly choked me. Two months ago I placed myself under the care of Dr. Lighthill, and now I am entirely cured of this most loathsome disease. My general health, which was very much impaired, has also improved, and in fact, I feel like a new man.

[illegible] VIAN SYRUP,

OR PROTECTED
SOLUTION OF PROTOXIDE OF IRON COMBINED.

This well known Remedy has been used extensively and with great success for

DYSPEPSIA,

Or Impaired and Imperfect Digestion;

FOR THE CONSEQUENT
DETERIORATION OF THE BLOOD;
AND FOR THE FOLLOWING
FORMS OF DISEASE,
Most of which originate in
DYSPEPSIA:
LIVER COMPLAINT, DROPSY, NEURALGIA and NERVOUS AFFECTIONS, LOSS OF APPETITE, HEADACHE, LANGUOR and DEPRESSION of SPIRITS, CARBUNCLES and BOILS, PILES, SCURVY, AFFECTIONS OF THE SKIN, CONSUMPTIVE TENDENCIES, BRONCHITIS, DISEASES PECULIAR TO FEMALES, & ALL COMPLAINTS ACCOMPANIED BY GENERAL DEBILITY, AND REQUIRING

A TONIC AND ALTERATIVE MEDICINE.

Note.—The failure of IRON as a remedy for *Dyspepsia*, a bad state of the blood, and the numerous diseases caused thereby, has arisen from the want of such a preparation of Iron as shall enter the stomach in a PROTOXIDE state, and assimilate at once with the blood. This want the PERUVIAN SYRUP supplies, and it does so in the only form in which it is possible for Iron to enter the circulation. For this reason the PERUVIAN SYRUP often radically cures diseases in which other preparations of Iron and other medicines [illegible] found to be of no avail.

Certificate of A. A. HAYES, M. D., of Boston.
It is well known that the medicinal effects of Protoxide of Iron are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.
In the PERUVIAN SYRUP this desirable point is attained BY COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, [illegible] of the Materia Medica.
A. A. HAYES, Assayer to the State of Mass.

Certificate of Jas. R. Chilton, M. D., of N. York.

Quinine Tonic

BITTERS,

The Best Aromatic Tonic ever offered to the Public.

Recommended by the Faculty

For its Superior Medicinal Qualities!

THIS elegant Compound which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK carefully combined with various *tonics* and *stomachics*, and cannot fail to meet the wants of the debilitated.
It is a mild tonic to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases, and in fever and ague, or kindred complaints its aid is invaluable.
For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.
One of the very best physicians in Boston has said "*that it is the very best preparation of Bitters that has ever been offered to the public.*"
Put up in half pint as well as quart bottles, in order that all may convince themselves of its superior merits.

AYER'S

Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: **Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.**

OAKLAND, Ind., 6th June, 1859.
J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,
ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.
Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.
Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.
Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."
Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.
NEW ORLEANS, 25th August, 1859.
DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.
I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.
Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.
INDEPENDENCE, Preston Co., Va., 6th July, 1859.
Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.
Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.
A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.
Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

"[illegible] THE BEST!"

MRS. WILSON'S

HAIR REGENERATOR.

The Regenerator is put up in two sizes, and retails for 50 cents for pint bottles, and $1 for quart bottles. The quart bottles are much the cheapest.

Who wants a Good Head of Hair? Use Mrs. Wilson's Hair Regenerator and Hair Dressing.

Please read a few certificates from the following reliable and well known people.
MESSRS. HENRY P. WILSON & CO.—My wife is now using your Regenerator for the hair, and pronounces it far superior to anything she ever used for the hair. It is easily applied, [illegible] the least—has no disagreeable odor, increases the growth of hair, prevents it falling off, and often cures the headache. I forward you this certificate unsolicited, because I think an article that will do what your Hair Regenerator will, should be widely known. I think it the best article for the hair [illegible] in use. Respectfully, &c.,
Rev. JACOB STEVENS, Newburyport, Ms.
"I like the Hair Regenerator and Dressing very much." Rev. GEO. W. WOODING, Hartford, Ct.
"I unhesitatingly pronounce it an invaluable article, from the effect on my own head."
S. A. HILL, wife of Rev. Henry Hill, Manchester, N. H.
"It rendered my hair soft and glossy."
MINOR FARNAM, Saratoga Springs, N. Y.
"I feel confident that it operates not as a dye, but to restore the roots to their natural healthy state."
Rev. E. M. KELLOGG, Nashua, N. H.
"I most cheerfully recommend it to all persons."
Rev. C. RUSSELL, Littleton, N. H.
November 1.
MESSRS. HENRY P. WILSON & CO.: I have no hesitancy in saying that, in my opinion, Mrs. Wilson's Hair Regenerator and Hair Dressing are the best hair preparations now in use. I shall continue to use them with pleasure.
Rev. H. H. HARTWELL, Lawrence, Mass.
November.
MESSRS. HENRY P. WILSON & CO.: I have used your Hair Regenerator and Hair Dressing, and have received great benefit from them. I deem the articles worthy of [illegible] and cheerfully recommend them to all who would [illegible] restore gray hair to its original color, or [illegible] who are troubled with dandruff, or a disagreeable [illegible] of the head or humors, or to those whose hair is falling from the head.
Rev. G. W. H. CLARK, Great Falls, N. H.
MESSRS. HENRY P. WILSON & CO.: I deem Mrs. Wilson's Hair Regenerator and Hair Dressing the standard [illegible] for all hair preparations. I have [illegible] many instances known them to restore the hair where it had [illegible] restore it to its original [illegible] entirely the most painful headache—and in some instances [illegible] Personally, I have been a sharer in several of these benefits.
Rev. HENRY HILL, Manchester, N. H.

MRS. WILSON'S

COCOA-NUT OIL

HAIR DRESSING.

Mrs. Wilson's Hair Dressing is put up in large bottles, and retails for 37 cts per bottle, and for dressing the hair of any person, young or old, there is not its equal in the world. It will make the hair everything you wish it to be, and moreover, it has a perfume that is infinitely superior to any of the fashionable extracts, either foreign or American, which alone should entitle it to a place on every lady's toilet table.

Use the Regenerator before retiring at night, and in the morning apply a little of the Dressing, and your hair will be even more effective in color and beauty.
Use no lung on your hair but these preparations, and use these according to directions, and we warrant you a good healthy head of hair.
Manufactured and sold at wholesale by Henry P. Wilson & Co., Manchester, N. H., to whom all letters should be addressed.

Sold, wholesale and retail, by WARREN L. ALDEN & CO., Bangor; W. F. PHILLIPS, Portland, and at retail by druggists and merchants everywhere. dec1[illegible] 3tawd&w

GARDINER'S

Rheumatic and Neuralgia

COMPOUND!

A certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.
"Gardiner's Rheumatic & Neuralgia Compound" is the best medicine for the disease I ever saw.
CHAS. A. SMITH, No. 1 Old State House, Boston.
After suffering with Rheumatism twenty years, and being confined to my bed seven weeks last spring, I was entirely cured by the use of one bottle of "Gardiner's Rheumatic & Neuralgia Compound."
NORMAN T. AYRES, 75 Franklin-st., Boston.
Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle and am entirely well.—D. D. BAXTER, Dry Goods Dealer, No. 5, Appleton Block, Lowell, Mass.
I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entirely cured. JOHN A. MONROE, Pearl-street House, Boston, Mass.
"Gardiner's Rheumatic & Neuralgia Compound" has entirely cured me of sufferings of several years' standing. W. E. HODGKINS, No. 1 Old State House, Boston.
My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores and in constant pain; one bottle of your Compound cured him. J. W. HAMMOND, 99 Milk-st., Boston.
"Gardiner's Rheumatic & Neuralgia Compound" has entirely cured me of Neuralgia. W. C. THOMPSON, Proprietor Pearl st. House, Boston, Mass.
One half a bottle of your Compound cured me of a severe attack of Neuralgia. FANNIE S. THOMPSON, Pearl-st. House, Boston.
I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1858, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit. ALBERT SMITH, Ex-Member of Congress from Maine.
The undersigned hereby certify that they have used "Gardiner's Rheumatic and Neuralgia Compound" for the cure of Rheumatism and Neuralgia and found in every case immediate and permanent relief. We have full confidence in its healing qualities, and would recommend it to all who are afflicted with these harassing diseases, as one of the safest and best medicines ever offered to the public.

DR. SWEET'S

Infallible Liniment!

—THE—

Great External Remedy

For Rheumatism, Gout, Neuralgia, Lumbago, Stiff Neck and Joints, Sprains, Bruises, Cuts and Wounds, Piles, Headache, and all Rheumatic and Nervous Disorders.

FOR all of which it is a speedy and certain remedy, and never fails. This Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.
AS AN ALLEVIATOR OF PAIN it is unrivalled by any preparation before the public, of which the most skeptical may be convinced by a single trial.
This Liniment will cure rapidly and radically, RHEUMATIC DISORDERS of every kind, and in thousands of cases where it has been used, it has never been known to fail.
For NEURALGIA, it will afford immediate relief in every case however distressing.
It will relieve the worst cases of HEADACHE in three minutes, and is warranted to do it.
TOOTHACHE also will it cure instantly.
For NERVOUS DEBILITY and GENERAL LASSITUDE arising from imprudence or excess, this Liniment is a most happy and unfailing remedy.—Acting directly upon the nervous tissues, it strengthens and revivifies the system and restores it to elasticity and vigor.
FOR PILES.—As an external remedy, we claim that it is the *best* known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *radical* cure.
QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure.
SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.
BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS, yield readily to the wonderful healing properties of *DR. SWEET'S INFALLIBLE LINIMENT*, when used according to directions. Also, CHILBLAINS, FROSTED FEET, and INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.
Over four hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.
To avoid imposition, observe the signature and likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine.

FILE CUTTING!

I WISH to inform the public that I still continue to re-cut Old Files and Rasps, of every description, which I will *warrant* to do as much work as new ones, at from one half to two-thirds the cost. I have also on hand a large stock of new and re-cut Files, which I will sell very low, for cash.
I would particularly recommend for those using Filing Machines to try my new pattern of MILL FILES, made expressly for these Machines.
All old Files sent to be recut, or orders for Files, will be promptly attended to.

CATHARTIC

PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A [illegible] settles somewhere in the body, and [illegible] [illegible]

which greatly facilitates the process [illegible] by softening the gums, reducing all inflammation—will allay ALL PAIN [illegible]
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
Relief and Health to your Infants.
We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in
THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
Griping in the Bowels and Wind Colic,
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices, nor the prejudices of others,* stand between you and your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.
